For a live demonstration download the ileague app and go to the Lynden Christian School. Check out this years mens basketball. Also check out last years state championship game. Go back to the front page and hit the gear wheel on the bottom and then pick the Lynden school. Hit the x (top right corner) when you have selected the school and swipe from right edge of screen to the left to get to boys sports. Choose the basketball icon. Beneath the Spots icons you will see a blue button labeled HOF. Select the HOF button and listed will be the 1961 team. Touch to select it and the 1961/1962

team will appear. You can see player bios, schedule and results, and game recaps for this championship team. It is truly amazing. If you feel this system would be a good fit for your school contact us at Ron@ileague.us.
